

Prayer to St. Michael

Holy Michael, the Archangel, defend us in battle; be our safeguard against the wickedness and snares of the devil. May God rebuke him, we humbly pray; and you, Prince of the heavenly host, by the power of God, cast into hell Satan and all the evil spirits, who wander through the world seeking the ruin of souls. Amen.

Science can tell us what is, but it can't tell us good from bad, right from wrong. Therefore it is not anti-science to oppose embryonic stem cell research and human cloning. It is pro-science to care enough to keep this powerful enterprise within proper ethical parameters."

Lenten Meditations ~ "PRAYER"

There's nothing tricky about prayer. It is simply tuning in to God's presence. ** We never have to make an appointment with God. ** We are "first on the list" and the appointment is always "right now." ** When we call God we never get voice mail. It's a direct connection. ** To draw near to God we don't have to travel anywhere. God does all the traveling. ** Wherever we are, God is present to us. All we have to do is turn off the mute button and let prayer happen.
